SKILL

- **Languages**: Python, SQL, C, C++
- **Data Analysis & Visualization:** Excel, Power BI, Tableau, Pandas, NumPy, Matplotlib, Seaborn
- **Frameworks**: HTML and CSS, Bootstrap, NodeJS
- **Tools/Platforms**: MySQL, MongoDB
- **Soft Skills**: Problem-Solving, Creativity & Innovation, Project Management

PROJECTS

E-commerce Dataset (Excel Dashboard): May' 25

- Identified **top-selling product categories** and **high-revenue segments** using Pivot Tables and summary charts.
- Analyzed **profit margins, discounts, and shipping cost patterns** to understand cost and pricing behavior.
- Examined **customer purchase trends** by gender, device type, and login method to uncover buying patterns.
- Tracked order priorities and their impact on sales performance.
- Built an **interactive Excel dashboard** with slicers, KPIs, and visual charts for dynamic sales analysis.
- Cleaned and transformed raw data by **removing inconsistencies, standardizing fields, and organizing datasets**.

Tech: Microsoft Excel, Data Cleaning, Pivot Tables, Data Visualization, Sales Analysis.

Sorting Algorithm Visualization(Python – Tkinter Project):: April' 25

- Developed an interactive visualization tool to demonstrate popular sorting algorithms including **Bubble Sort, Selection Sort, Insertion Sort, Merge Sort, and Quick Sort**.
- Implemented dynamic bar-graph animations to visually represent element comparisons, swaps, and sorted order progression.
- Enabled users to choose algorithms, adjust array size, set sorting speed, and generate random datasets for analysis.
- Improved understanding of algorithm efficiency by displaying **time complexity**, step count, and real-time performance behavior.
- Enhanced user engagement through color-coded highlights indicating active comparisons, pivots, and sorted elements.

Tech: Python, Tkinter, Data Structures & Algorithms, Algorithm Animation, GUI Development.

CERTIFICATES

- Computational Theory: Language Principle & Finite Automata Theory | Infosys | certificate — April' 24
- Generative AI with LLMs | Udemy | certificate — July' 25
- Cloud Computing | NPTEL | certificate — May' 25
- Fundamentals of Data Structures | Lovely Professional University | certificate — Aug' 25

EXTRA-CURRICULAR ACTIVITIES

Jan' 24

- Participated in the Code Off Duty – Web Hackathon: | certificate
  Successfully participated and achieved 3rd rank in the Code Off Duty Hackathon organized by Coding Wise, demonstrating strong problem-solving skills, creativity, and teamwork.

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.50*** — *Since Aug'23*
- **Sri Raju CBSE School** — Rayachoty-Andhra Pradesh
  Intermediate; ***Percentage: 80.7%*** — *April' 21 – March' 23*
- **Sri Sai High School** — Rayachoty-Andhra Pradesh
  Matriculation; ***Percentage: 100%*** — *April' 20 – March' 21*
